

THE DANE'S DEFENSE.

He Was Bulldozed Into Marrying Mrs. Purcell.

AND SHE WAS OVER-AFFECTIONATE.

So he took a Vacation in the Money Moon—She gave him the Money. His story is plausible, but he gets mixed badly.

CLEVELAND, O., May 6.—The main evidence against John Anderson, the big, good-looking Dane, who is supposed to have married about twenty women, was submitted yesterday. Mrs. Ellen Purcell, of St. Louis, his latest bride, continued her testimony, describing how Anderson brought her to this city, stole a note and cash amounting to \$1,200 from an inner pocket of one of her undergarments and fled for the East.

The big Dane was put on the stand in his own defense. He proved himself to be anything but a simpleton, and though his story was interesting and plausible, the prosecutor succeeded in tangling him up on the cross-examination.

He admitted his marriage to Mrs. Purcell, but refused to answer questions concerning the Elmhurst marriage. He claims that Mrs. Purcell bulldozed him into marrying her by putting a police-man on his track after he became intimate with her, and that she insisted on his taking all her money and keeping it as his own. His reason for deserting her was that she was so old and so over-affected that he became disgusted and resolved to take a vacation from his honeymoon.

MORE BRUMFIELD'S DEAD.

Two of Frank's Children Reported to have been Burned.

CHARLESTON, W. Va., May 6.—News has just reached here of the destruction of Frank Brumfield's house by fire in Hart's Creek district, Lincoln county, Sunday night, and the burning to death of two children eight and ten years old, respectively, one his own child and the other a child of his brother Jenkins. At 11 o'clock the occupants of the house were aroused from their slumbers by crackling flames overhead. Rushing out it was found the kitchen had already burned down and with it the two children.

Last of a Bellaire Industry.

The days of the window glass business in this city are now actually numbered. The directors of the Crystal Glass Company have decided to wind up business, and the proposition has been submitted to the stockholders. It and the Bellaire factory will close down at the end of this fire for good, and some of the stockholders will try their hands in the booth towns, others will pocket whatever they get out and quietly await developments. The Crystal plant adjoints that of the Union, recently sold to the Bellaire nail works, and the site when the factory is dismantled will probably fall into the same hands.

Lively Run-off in Benwood.

A pair of runaway horses with a large ice-wagon attached, made things lively along Main street, Benwood, yesterday morning. In the absence of the driver, the horses became startled and ran down the street leaving a trail of ice behind. At Sixth street the pin of the wagon broke and the bed was thrown off. The horses continued at a terrific pace, until they reached their stables below the Wheeling Steel works. Luckily no one was seriously injured.

A Minister Badly Hurt.

Last night at Bellaire two small boys, aged perhaps ten years, got into a fight. One of them was a son of Rev. A. Newman, the Jewish rabbi, who saw the quarrel and rushed out to separate the boys. Just as he started away with his own boy the other, a young son of Herman Duga, threw a large stone, striking Mr. Newman in the back of the head with such force as to render him unconscious. He remained insensible for two hours, but late this evening was reported better. His injuries are not considered dangerous.

Paul Boyton May Come.

Mr. Lowell P. Jones is in town looking about for a good location for Capt. Paul Boyton's "Water Circus." This is the greatest and most unique show ever devised, and Mr. Jones thinks he will be able to make an arrangement here by which it can be given at a point accessible to Wheeling. Paul Boyton was always a favorite here, and people will be glad to see him again.

MARTIN'S FERRY.

Accidents and Injuries in that Thieving City—Personal and Industrial.

Every friend of Colonel Poorman who is entitled to a vote should attend the primaries to-day and vote and work for him. It is plain to be seen that the majority of Republicans are for him and his friends expect to elect a delegate in the city this afternoon. The Poorman men should not allow their overconfidence to keep them away from the polls. Overconfidence is often injurious. Colonel Poorman should get every delegate on the river front. The voting place in the First ward will be at the old school house, near the Elson glass works; the Second ward at the upper window at the mayor's office, the Third ward at the hose house, and the country precinct at the lower window at the mayor's office.

Mr. Samuel Crayton, of Wheeling, will address the men's gospel meeting in the Y. M. C. A. rooms Sunday afternoon at 4 o'clock. Subject, "A Clean Heart." All men are cordially invited.

THE BOARD OF AGRICULTURE.

Arrangements Made to Continue the Publication of its Bulletin.

SPECIAL DISPATCH TO THE INTELLIGENCER. MARTINSBURG, W. Va., May 6.—The state board of agriculture adjourned today after transacting much important routine business. This was the means committee of the agricultural portion of the state is endeavoring to make the most of a limited appropriation, and economy shows up conspicuously in every detail of their work. The board is much enthused by the manner in which their monthly bulletins have been received and they receive daily numerous requests from farmers, in not only this state but from the adjoining states, to have their names put on the mailing list. They send out about four thousand copies per month and as this necessitates an expenditure for postage of \$180 per year of their funds, they had previous to their meeting apprehensions of their inability to continue the publication of the bulletins; but they have contrived means to issue it free of expense, and will continue to issue as before, but jointly with reports of the state weather bureau. Mr. W. W. Dent, director of the bureau was here in conference with them to-day.

The bulletins will be sent out in wrappers bearing the government stamp of the weather bureau, and thus escape the payment of postage. The board before its adjournment appointed Col. J. M. Bowman to meet the World's Fair commissioners from this state at their next meeting, and consult with them as to the best manner of making an agricultural exhibit that will be a credit to the state.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

John Baugh, who has been truant officer in this city ever since the compulsory education law passed, is of the opinion that there are a dozen families here who would rather have their children sent to the reform school as incorrigible than compel them to go to school here. He says talk of such a move is pleasantly entertained by them now, whereas it used to be a great bugbear.

The first meeting of the county board of school examiners under the new law to examine pupils of the ungraded country schools who desire to become pupils of any of the high schools in the county, will be held at St. Clairsville to-day. A FULL CONFESSION.

A Young Man of This City Found Guilty After Fifteen Years.

The following is a true story of the case as was given the reporter for publication:

"My life was a great burden to me when I called on Drs. COPELAND & BELL a few months ago, and through their skillful and scientific treatment joy and pleasure now stare me in the face, day in and day out, all through the vicissitudes of my life."

MR. WILLIAM ROSE.

The speaker was Mr. William Rose, of No. 321 Jacob street, an apprentice with F. E. Ziegler, the practical painter, of 121 Third-street. "My trouble began about fifteen years ago," continued Mr. Rose. "I was only four years old at the time I contracted a very severe cold. My nose began to stop up on one side and then the other; dropping of mucus from my head into my throat, causing me to hawk and spit a great deal—throat raw and sore at times, with headaches and a sort of thumping in my head most of the time."

"I had very severe coughing spells every winter, raising a thick tenacious mucus. Pains through my chest, with shortness and heaviness of breathing. Appetite almost lost and what I did eat disgorged with my stomach; bowels became very constipated. I grew very weak at times and felt hardly able to drag around; sharp, shooting pains through my back, and always had a tired feeling. Red spots would appear before my eyes, with dizziness so bad I would often fall to the ground; sleep broken, and would arise in the morning feeling more tired and languid than when I went to bed. I had spent sums of money with other doctors and taken many different kinds of patent medicines for catarrh without benefit."

"I hereby testify that I now feel like a new man; can eat a good, square meal with pleasure; I sleep well, and I confess me; can do a good day's work with ease and pleasure; now weigh heavier than I ever did in my life. Pains all gone, and I hereby testify that I owe all this to the wonderful skill of Drs. COPELAND & BELL, whom I take pleasure in recommending to all suffering humanity to give them a trial and be convinced."

The above can be easily verified by calling on Mr. Rose at 321 Jacob street.
